

## Forklift Spreader Bars

Forklift Spreader Bar - Proudly operating since the year 1974, ELME Spreader AB is the largest independent spreader business around the globe. They have been a devoted manufacturer of spreaders meant for numerous applications like for example the handling of containers, swap bodies and trailers.

Engineering is done in house by means of using all the latest CAD systems and FEM tools. The ELME company now employs more than 125 employees. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers all-over the globe.

The ELME product collection offers spreaders intended for various container and trailer handling operations. Several of their inventory include: Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail Mounted and Rubber Tired Gantry Cranes and a wide variety of attachments.

ELME manufacturing and production is performed in a highly automated purpose built factory. In the year 2008, they made over one thousand one hundred fifty spreaders by way of making use of top quality elements in order to ensure dependability and high standards while offering competitive prices. Major features of ELME consist of design simplicity, market feedback and innovative modular spreader concept.
