

Concrete Hopper

Concrete Hoppers - This particular accessory is a self-dumping hopper that automatically starts to unload as soon as bumper release touches the side of a dumpster. When unloading is finished, the hopper goes back to a locked and upright position. This particular piece of equipment also comes along with a cable which allows operation from the seat of the forklift to be able to have the choice of manually dumping the hopper. There is a locking chain provided to be able to lock the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper likewise has a blue powder coat finish to maintain durability.
