

## Komatsu Forklift Parts

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc. has an outstanding reputation for building dependable and resilient forklifts. Komatsu is recognized around the world as a corporation with a prosperous heritage while preserving an outstanding benchmark of modernization and quality in both design and equipment manufacturing.

Komatsu Forklift U.S.A., Inc., a branch of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their image of a better tomorrow. Komatsu's legacy started back in 1921, in Japan, when Komatsu Ltd began business as a producer of construction and mining equipment. Very soon the company grew into an industry leader and was responsible for constructing Japan's first modern bull dozer and farm tractor.

Komatsu has grown into an international giant over the last few decades thanks to their competence and strength in the field of logistics, mining, excavating and construction. By means of progressive designs and technological superiority, they remain at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Utilizing their superior production capabilities and progressive design techniques, Komatsu has become recognized to fabricate the kind of rugged and dependable forklift that consumers across the globe have come to depend on. In 1976, Komatsu Forklift U.S.A., Inc was established to meet the mounting demand for its products in the North American marketplace. To improve expenditures and efficiencies, a contemporary plant was built in Covington, Georgia in 1990, to unite all U.S. Komatsu Forklift product support and production operations.

Remaining one of the primary suppliers and makers of rugged and modern forklifts in our day, Komatsu Forklift U.S.A., Inc continues to meet their customers' requirements worldwide. Central and Latin America, Mexico, the Caribbean and South America are home to many of Komatsu's satisfied clients along with their North American consumers.

Following years of providing consumer service and maintaining rapport, Komatsu Forklift understands that meeting the customers' needs is vital. All the latest product improvement at Komatsu begins first with the customer. By welcoming contributions and feedback, they are able to determine client needs and expectations then develop innovative models and then manufacture to exceed Komatsu Engineering Standards. Assuring consumers that quality is premeditated from the start and sustained through the manufacturing, service and sales processes, allows Komatsu to end up with a first-class product from start to finish.

The engineers at Komatsu are experts who concentrate on designing heavy-duty technologies, forklifts and construction equipment. Their design expertise assures that every piece of equipment will last in even the toughest functions and environments. Adherence to stringent engineering standards permits Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and strict in-house quality standards all factor in to top-quality lift truck products. Komatsu Engineering Standards transform the current and progressive expertise used in advanced mining and construction equipment into world class equipment.

The modern and well-organized factory in Covington, Georgia is a full service plant. This state-of-the-art facility starts the manufacturing process with unrefined steel which is then welded, fabricated and prepared. When assembled and painted the lift trucks are ready to leave the facility and enter the marketplace. Maintaining quality control through the length of the manufacturing process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes given that a product is only as worthy as the individuals who sell and support it, their sellers make all the difference. Komatsu Forklift is proud of their committed supplier networks who strive to exceed expectations. Specialized in all elements from sales, service or operating instruction, or aftermarket support, their diverse network of knowledgeable and capable experts are available. Komatsu Forklift Supplier locations across the nation have a Komatsu OEM parts on-hand to provide the necessary service required to keep customers' operations running smoothly. Computerized, real-time access with next day delivery from their highly automated supply center is another option. The web-based K-Link system assists dealers with online parts management, service and acquisition for all major lift truck brands.

At Komatsu Forklift U.S.A., Inc. they acknowledge that their world-class businesses depend on Komatsu forklifts in their daily operations. So Komatsu focuses their attention on their countrywide account consumers allowing them to benefit from an original relationship that lets them tailor their relationship in order to raise consumer productivity and profits. Komatsu countrywide account clients have access to on-line components and operations support system and a inclusive fleet administration program, providing the ability for Komatsu to be their total solution for any lift truck worries.

The dependable and efficient staff at Komatsu Forklift U.S.A., Inc., are focused on providing their customers an exceptional experience whether or not it is through sales, training, maintenance, or aftermarket support. They want to guarantee the level of customer service offered will help their customers satisfy or exceed their goals and build a successful business/client relationship in the process. Komatsu strives to identify with each of their customers' distinctive ways of doing business and enjoys working together to develop an arrangement to best insure their ongoing success.

Komatsu invites you to get in touch with your local Komatsu lift truck seller today in order to find out more about the variety of services and products they have available. Customer satisfaction and support are two of the businesses top priorities and it is easy to see why thousands of customers world-wide depend on the Komatsu family of products each day.
